 Access as part of Countryside Stewardship basis or similar
 No public access

Quality Audit

A Welcoming Place

Signage
 Signs welcoming and clear including map if appropriate
 Easily seen and read directional signs in surrounding streets
 Information on events and activities, where appropriate
 Notice boards for Friends Group, where appropriate
 Welcoming sign at entrances, with details of management, opening hours etc
Summary score for signage

Physical Access

Adequate secure car parking close to main entrances
 Adequate vehicular access for maintenance
 Clear exit routes from the space
 Hard surfaces well drained and suitable for buggies and wheelchairs
 Open sightlines into the space from entrances
 Pedestrian crossings close to main entrances on busy roads
 Secure cycle parking close to entrances, where appropriate
 Segregated internal cycle-ways, where appropriate
Summary score for physical access

Inclusiveness

Accessible from neighbouring streets/parking by wheelchair
 All buildings open to the public accessible (disabled)
 Braille signage etc and sensory gardens as appropriate
 Designated disabled parking bays
 General accessibility for people with disabilities
Summary score for inclusiveness

Design and Specification

Attractive, well designed space(s) with unique sense of place
 Appropriate planting
 Public art

Active conservation including of historical features (e.g. buildings, tree avenues, statues)	
Attractiveness of boundaries	
Buildings appropriately designed and located	
Floodlighting or internal lighting for key buildings and features	
Well located benches and seating areas	
Working areas and stores screened from general view	
Public toilets	
<i>Summary score for design and specification</i>	

A Welcoming Place - overall score	#DIV/0!
--	----------------

Healthy, Safe and Secure

<i>Health and Well-being</i>	
Any organised activities on site (see signs etc) e.g. sport, health walks	
<i>Summary score for health and well-being</i>	

<i>Safety and Security</i>	
Adequacy safety measures adjacent to areas of water (e.g. signs, lifebelts)	
Adequate lighting around the space, including through car park and routes where appropriate	
Apparent safety of site (use evidence of anti-social behaviour as a proxy)	
CCTV, if appropriate	
First aid and emergency equipment available and clearly signposted	
Sense of personal safety in the space	
<i>Summary score for safety and security</i>	

<i>Control of Dogs</i>	
Appropriate signage on the control of dogs	
<i>Summary score for control of dogs</i>	

Healthy, Safe and Secure - overall score	#DIV/0!
---	----------------

Well Maintained and Clean

<i>Litter and Waste Management</i>	
Adequate number of litter bins for the space	
Adequate number of pooper bins for the space	
Freedom from litter, dog fouling, vandalism etc	
Grounds, buildings, equipment and features incl flower beds	
<i>Well Maintained and Clean - overall score</i>	

Conservation and Heritage	
Conservation and management of natural, landscape and built facilities	
<i>Summary score for conservation and heritage</i>	

Community Involvement	
Active Friends Group (see notice boards)	
Facilities and features which appeal to all sectors of the community	
<i>Summary score for community involvement</i>	

Marketing	
Appropriate programme of events in the space	
Attractive and well maintained site notice boards	
Information for users	
Marketing strategy/plan in place	
<i>Summary score for marketing</i>	

Management	
Management plan in place	
Uniformed wardens or rangers on site, if appropriate	
<i>Summary score for management</i>

Public access - free
 Public access - admission or hire charge
 De facto public access
 Shared/dual use education site
 Restricted access
 No public access

Facilities on the site (NB site may have different age groups) (Y/N where appropriate)

LEAP

Play facilities intended for younger children with either minimum of 5 different types of equipment or 1 multi item plus 3 others (Y/ N)
 Minimum area of 400 sq m
 Minimum of 10 m from activity zone to nearest property boundary

NEAP

Play facilities intended for older children with either at least 8 separate play items or 1 multi play plus other 6 items (Y / N)
 Hard surface area of at least 465 sq m or skate park facility
 Shelter
 Minimum area of 1000 sq m
 Minimum of 30 m from activity zone to nearest property boundary

Natural play

Site has "natural" play provision as well as equipment
 Site is ONLY "natural" play

Quality Audit

General characteristics

Appropriate signage (no dogs, contact details to report issues etc)
 Summary score for general characteristics

Pedestrian Accessibility

Accessibility for buggies and people with a disability
 Accessibility for maintenance equipment
 Entrances linked to well used pedestrian routes by hard surfaced path
 Well drained internal surfaces usable in wet weather
 Summary score for accessibility

Safety and Security

If enclosed site, minimum of 2 self-closing gates
 Condition of safety surfacing beneath all items of equipment
 Secure fencing if close to hazard such as road/car park
 Passive surveillance from neighbouring dwellings or well used public paths
 Summary score for safety and security

Condition of Play Equipment

Overall condition of equipment
 Summary score - condition of play equipment

Other Facilities

Seats for carers and parents
 Cycle racks
 Adequate litter bin provision
 Summary score - other facilities

Management and Maintenance

Freedom from litter, vandalism, dog fouling, glass etc
 Condition of paths, litter bins, furniture etc
 Summary score - management and maintenance

Overall Quality Rating

#DIV/0!

APPENDIX 2

Overview of Play Provision Definitions as outlined by the NPFA (FIT) in the ‘Six Acre Standard’

Type of Play Provision	Requirements
Local Area for Play (LAP)	<ul style="list-style-type: none"> • Minimum activity zone area of 100m² • Caters for children up to 6 years of age • Is within 1 minutes’ walking time from home • Has a buffer zone of 5m minimum depth between the activity zone and the dearest dwelling that faces the LAP. This should include planting to enable children to experience natural scent, colour and texture • Is overlooked by nearby houses • Gable ends or other exposed walls should be protected from use for ball games by, for example, providing a strip of dense planting of 1m minimum depth • Is positioned beside a pedestrian pathway on a well-used route • Occupies a reasonably flat, well-drained site with grass or a hard surface • Contains features that enable children to identify the space as their own domain, e.g. low key games such as hopscotch, a foot-print trail, mushroom style seating etc. • Any playground equipment provided must conform to EN 1176 • Contains seating for parents and/or carers • Has fencing of at least 600mm in height around the perimeter, with a self-closing pedestrian gate to prevent access by dogs • Has a barrier to limit the speed of a child entering or leaving the facility • Has a sign indicating: the area is solely for use by children, adults are not allowed unless accompanied by children, dogs are excluded
Local Equipped Area for Play (LEAP)	<ul style="list-style-type: none"> • Minimum activity zone area of 400m² • Caters for children from 4 to 8 years of age • Is within 5 minutes’ walking time from home • Has a buffer zone of not less than 10m in depth between the edge of the activity zone and the boundary of the nearest dwelling and a minimum of 20m between the activity zone and the habitable room façade of the dwelling. This zone should include planting to enable children to experience natural scent, colour and texture • Should not have play equipment overlooking nearby gardens • Is positioned beside a pedestrian pathway on a well used route • Occupies a well-drained site with a grass or a hard surface and features an appropriate impact-absorbing surface beneath and around the play equipment conforming to EN 1177 • Contains at least 5 types of play equipment, of which at least 2 are individual pieces, rather than part of a combination multi-play unit. Each type of play equipment should be designed to stimulate one of the following activities: balancing, rocking, climbing/agility, sliding, social play. Additional items may focus upon rotating, swinging, jumping, crawling, viewing, counting or touching • The playground equipment must conform to EN 1176 • Contains seating for parents and/or carers • Contains a litter bin • Has adequate space around the equipment to enable children to express their general exuberance and play games of ‘tag’ or ‘chase’

	<ul style="list-style-type: none"> • Has fencing of at least 1m in height around the perimeter of the activity zone, with two outward-opening, self-closing gates, on opposite sides of the play area, to deter entry by dogs and to restrict opportunities for bullying • Has a barrier to limit the speed of a child entering or leaving the facility • Has a sign indicating: that the area is solely for the use by children, adults are not allowed unless accompanied by children, dogs are excluded, name and telephone number of the operator of the facility to report any incident or damage to the play equipment, and the location of the nearest public telephone
Neighbourhood Equipped Area for Play (NEAP)	<ul style="list-style-type: none"> • Minimum activity zone area of 1000m² that is divided into two parts; one containing a range of playground equipment and the other having a hard surface of at least 465m² (the minimum area needed to play five-a-side football) • Caters predominantly for older children • Is within 15 minutes' walking time from home • Has a buffer zone of not less than 30m in depth between the activity zone and the boundary of the nearest dwelling. A greater distance may be needed where purpose-built skateboarding facilities are provided. This zone should include planting to enable children to experience natural scent, colour and texture • Positioned beside a pedestrian pathway on a well used route • Occupies a well drained site with both grass and hard surfaced areas and featuring an appropriate impact-absorbing surface beneath and around the play equipment conforming to EN 1177 • Contains at least 8 types of play equipment, comprising: at least 1 item to stimulate rocking, touch, social or developmental play among younger children; at least 2 items to facilitate sliding, swinging or moderate climbing; and at least 5 items to encourage either more adventurous climbing, single-point swinging, balancing, rotating or gliding (e.g. cableway). At least 3 of these last 5 items should be individual play items rather than part of a combination multi-play unit • The playground equipment must conform to EN 1176 • Contains seating for parents and/or carers in the vicinity of the play equipment and other seating within the hard-surfaced games area • Contains litter bins at each access point and in the proximity of each group of seats • Has a convenient and secure parking facility for bicycles • Has adequate space around the equipment to enable children to express their general exuberance and play games of 'tag' or 'chase' • Has fencing of at least 1m in height around the perimeter of the activity zone, with two outward-opening, self-closing gates on opposite sides of the space, to deter entry by dogs and to restrict opportunities for bullying • Has a barrier to limit the speed of a child entering or leaving the facility • Has a sign to indicate: the area is solely for use by children, adults are not allowed in the equipped space unless accompanied by children, dogs are excluded, name and telephone number of the operator of the facility to report any incident or damage to the play equipment, and the location of the nearest public telephone
