Use of Land and Parking Place

4. - (b) i) Every vehicle shall be parked wholly within the individual parking spaces as may from time to time be marked out on the surface of the parking place as indicated by signs or as directed by the Parking Attendant or other duly authorised person – unless such parking place or space is reserved either by notice erected in a conspicuous position at the entrance to the parking place or in specified positions reserved by notice on the ground or otherwise
- ii) Every vehicle parked in any of the said parking places shall, where parking spaces are defined, be parked only in such a space. For the avoidance of doubt where such spaces are delineated by surface markings, vehicles must be parked within the markings and tyres shall not touch or encroach beyond the said markings. Where parking spaces are surface marked or otherwise indicated as being reserved for a special class of vehicle no vehicle of any other class shall be parked in any such space.
- (c) Where, within a parking place, there is a sign or surface marking which indicates that a parking space is available only for a disabled person's vehicle, the driver of a vehicle shall not permit it to wait in that parking space for any period unless it is one of the types of vehicle described in Paragraph 31 below or either the driver of

the vehicle or a passenger in the vehicle at the time it is left in the parking place has been issued with a valid disabled person's badge and that it is clearly displayed on the dashboard so that it can be checked by a Parking Attendant.

- (d) The Order applies to the following class of vehicles unless specified otherwise in the Schedule – Motor cars licensed as private and goods vehicles of an unladen weight not exceeding 3 tonnes and motorcycles with side cars. Motorcycles without side cars may only park within any area specifically reserved for that purpose. Other goods vehicles with the permission of an authorised officer. Parking places set out for the exclusive use of disabled persons may only be parked in by vehicles displaying a disabled persons badge by virtue of the **Disabled Persons (Badges for Motor Vehicles) Regulations 2000 (as amended)** or any subsequent regulation.
- (d) Where, within a parking place, there is a sign or surface marking which indicates that a parking space is available only for a specific identified user(s) vehicle, the driver of a vehicle shall not permit it to wait in that parking space for any period unless the driver of the vehicle has been issued with a valid season ticket that it is clearly displayed on the dashboard so that it can be checked by a Parking Attendant.
- (e) The Council reserves the right to designate any part of any Parking Place for the exclusive use of holders of any Permit issued by The Council without prior notice as it deems appropriate.
- (f) The Driver of a Vehicle may not enter upon, use or attempt to use any area of a parking place or parking space when the Council has placed restrictions on use off the area and exhibited notice of such closing or restrictions on or near the Parking Place.
- (g) The charges for the parking of vehicles in parking places shall be set out in **column 7** of the Schedule and as indicated in **column 4 and 5** of the Schedule.
- (h) Where the driver of any vehicle parking that vehicle in a parking place is not the holder in respect of that vehicle, of a season ticket, he shall pay the appropriate charge by inserting an appropriate coin or coins into the ticket machine provided or, where the ticket machine so permits, by inserting a bank card or pre-payment card issued by the Council into such ticket machine.
- (i) Where the driver of any vehicle parking that vehicle in a parking place holds a permit, if a fee is required subject to the allocated zone - he shall pay the appropriate charge by inserting an appropriate coin or coins into the ticket machine provided or, where the ticket machine so permits, by inserting a bank card or pre-payment card issued by the Council into such ticket machine.
- (j) Where any ticket has been issued on payment of the appropriate charge or where the driver of any vehicle is the holder of a current season ticket or staff permit in respect of that vehicle, the driver shall attach the said ticket, season ticket or permit in a conspicuous position to the vehicle in respect of which it was issued. A vehicle shall not be left in a parking place if it displays an out of date ticket.
- (k) The ticket or tickets shall be so exhibited on the vehicle that the time or expiry date shown on the front of the said ticket or tickets is clearly visible.
- (l) If a vehicle is left in a parking place for longer than the period for which payment was made by the appropriate charge, the said charge together with an additional amount (which additional amount is hereinafter referred to as "the penalty charge") shall be payable. If payment of the penalty charge is made to the

Council as provided in Paragraph 7(l) within fourteen days of the affixing of the notice specified in Paragraph 7(f) the amount of penalty charge payable will reduce by 50%.

5. Nothing in – this Order shall restrict the power of the Council temporarily to close any or all of the parking spaces or places; or
6. The Council may, by notice displayed at or near a parking place, immediately close such a parking place or part thereof for any period, and no driver of any vehicle shall use such a parking place or part thereof when it is so closed.

Amount of Charges

7. (a) If a vehicle (not being a vehicle exempted from this provision by Paragraph 31 or permission having been otherwise granted in writing by the Council) is parked outside of the parking bay markings, or exceeds the permitted weight limit of 3000kg, or is left in a parking place, or part thereof which is subject to a time limit on parking, is not displaying a valid season ticket, is not displaying a valid staff permit - such that it is observed therein during its operative hours at a particular time, (the time of first observation), and is subsequently observed therein during its operative hours at a time more than the maximum period for which a vehicle may wait as specified in column 6 of Schedule after the time of first observation, (the time of final observation) then (1) the driver of the vehicle shall be guilty of an offence and (2) a charge (the charge) shall be paid by the Driver of the vehicle to the Council in accordance with the remaining provisions of this Paragraph.
- (b) In default of the payment of the charge by the driver of the vehicle in accordance with Paragraph 7(d) and (e) the owner of the vehicle shall be liable to pay the charge.
- (c) If a vehicle is left in a parking place for which no payment has been made or is left in a parking place in contravention of Paragraph 4 a penalty charge shall be payable. If payment of the penalty charge is made to the Council as provided in Paragraph 7 (l) within fourteen days of the affixing of the notice specified in Paragraph 7(f) of this Order the amount of penalty charge payable will reduced by 50%.
- (d) Both the driver of the vehicle and the owner of the vehicle shall be responsible persons within the meaning of Section 35A(3) of the Act of 1984, so however that the Council may prosecute either the driver of the vehicle or the owner of the vehicle, but not both for contravention of the provisions of this Order. Furthermore, the Council may recover any charge or sum due under this Order from either the driver or the owner of the vehicle but not both.
- (e) (i) Where the driver of a vehicle is alleged to be guilty of a contravention to which this Order applies the owner of the vehicle shall give such information as to the identity of the driver as he may be required to give by or on behalf of the Council within 14 days of the Council's request for such information and
(ii) Any other person shall if required as aforesaid give any information which is in his power to give and which may lead to the identification of the driver
- (f) In the case of a vehicle in respect of which a penalty charge may have been incurred it shall be the duty of the Parking Attendant to attach to the vehicle, in a conspicuous position, a notice which shall include the following particulars:-
 - (i) the registration mark on the vehicle or, where the vehicle is being used under a trade licence, the number of the trade plate carried by the vehicle;

- (ii) the date and time of final observation in the cases of breach of Paragraph 4(l)
 - (iii) a statement that the penalty charge is required to be paid.
 - (iv) the manner in which, the time within which, the penalty charge should be paid; and
 - (v) a statement that it is an offence under Section 35A of the Act for the driver of a vehicle who has left the vehicle in a parking place to fail to pay the charge, or in default of payment of the charge by the driver an offence for the owner of the vehicle to fail to pay the charge.
- (g) Upon making payment the driver or owner shall supply the following information, namely: the date of the offence, the name of the appropriate parking place, the registration number of the vehicle, together with the number of the charge notice issued in respect of the offence for which payment is offered. This requirement may be satisfied by production of the charge notice showing the required information.
- (h) Where the owner of a vehicle is liable to pay the charge by reason of Paragraph 4 and the Council seeks to recover the charge from the owner the Council shall inform the owner by notice in writing to such liability and shall require the charge to be paid before the date specified for payment in the notice such date being not less than 14 days from the date of the notice, and in default of payment in accordance with this the owner shall be guilty of an offence.
- (i) For the purpose of this Article notice is duly given if it is posted in a letter addressed to the last known address of the driver or owner of the vehicle as the case may be.
- (j) Without prejudice to its powers under this Order to recover any charge or payment due to the Council in proceedings before the Magistrates' Court, the Council shall have power to recover any such charge or payment in the County Court as if it was a civil debt.
- (k) In the Schedule the requirement that no period of parking on the parking place shall exceed the maximum period specified in column 6 of the Schedule shall be construed so that the maximum period means the period of at least that specified in column 6 between the time of the first observation and time of the final observation. For the avoidance of doubt therefore it is immaterial whether the vehicle has been removed and returned. Similarly it is immaterial whether the vehicle has returned to the same or a different parking space within the same parking place.
- (l) The penalty charge shall be paid to the Council either by cheque, giro bank transcash, or postal order sent by post so as to reach the Council at the Town Hall, Rugby, not later than 5.00pm on the fourteenth day following the day on which the penalty charge was incurred Provided that, if the said fourteenth day falls upon a day on which the Council is closed, the period within which payment of the penalty charge shall be made to the Council shall be extended until 5.00pm on the next full day on which the Council is open.
